HEIGHTENED SENSES

UAS INTEGRATION | C-UAS SENSING | NDAA-COMPLIANT PROCUREMENT

SBA-CERTIFIED SDVOSB
UEI: SSZREV67GJK5 | CAGE: 9XFG8
EIN: 93-2185308 | SAM: Active

COMPANY OVERVIEW

Heightened Senses, LLC is an SBA-certified SDVOSB founded by a retired USMC Gunnery Sergeant with operational backgrounds in counterintelligence and human intelligence, specializing in the federal, defence, and public safety sectors. We are a trusted UAS systems integrator, C-UAS sensor deployer, and NDAA-compliant technology procurement accelerator. We bring mission-informed judgment to every engagement — not just hardware.

CORE CAPABILITIES

- UAS platform integration and mission configuration
- C-UAS radar and sensor system integration (MatrixSpace)
- EO/IR payload integration and ISR system builds
- Secure mesh communications (Doodle Labs / ATAK ecosystem)
- NDAA-compliant component sourcing and supply chain aggregation
- FAA Part 107 aerial data collection and field operations
- Photogrammetry, digital twin generation, orthomosaic products
- Infrastructure inspection and documentation
- Federal procurement advisory and teaming support

REPEATABLE MISSION PACKAGES

RSA — Rapid Situational Awareness

Black Widow | EO/IR | Doodle Labs / ATAK

Immediate overhead awareness at dynamic incident scenes for law enforcement, fire, and emergency management.

PIM — Persistent Infrastructure Monitor

Trichon | EO/IR + Photogrammetry | Persistent MANET

Recurring inspection and digital twin generation for utilities, pipelines, transportation, and ports.

IPA — Integrated Perimeter Awareness

Black Widow | Trillium EO/IR + MatrixSpace Radar

Persistent aerial and ground-based situational awareness with unified common operating picture for critical infrastructure.

COMPANY DATA

Legal Name:	Heightened Senses, LLC
Structure:	Limited Liability Company
Founded:	July 2023 | Sneads Ferry, NC
UEI:	SSZREV67GJK5
CAGE:	9XFG8
EIN:	93-2185308
SAM Status:	Active | Exp. Jan 29, 2027
SDVOSB Cert:	SBA Certified | Exp. Aug 2028

NAICS CODES

336411	Aircraft Manufacturing (Primary)
334511	Search, Detection, Navigation Systems
541330	Engineering Services
541715	R&D Physical & Engineering Sciences
541690	Scientific & Technical Consulting
518210	Computing Infrastructure / Data Processing

PSC CODES

1550	Unmanned Aircraft
1560	Airframe Structural Components
1610	Aircraft Propellers & Components
1680	Misc. Aircraft Accessories
6350	Security Detection Systems
R425	Engineering & Technical Services

AUTHORIZED RESELLER RELATIONSHIPS

Red Cat Holdings
Black Widow tactical ISR quadrotor — Blue UAS cleared, ATAK integrated, GPS-denied capable. FANG FPV system — NDAA compliant, Blue UAS cleared. Trichon hybrid VTOL for ISR and mapping.

MatrixSpace
Compact radar systems for airspace awareness and C-UAS detection. Supports FEMA grant program advisory and perimeter security integrations.

ARK Electronics
NDAA-compliant avionics and flight control systems. Hard requirement across DoD-aligned UAS builds and federal procurement.

Bren-Tronics
Military-grade battery and power systems. Existing DoD supplier — strengthens NDAA-compliant supply chain story for defense customers.

Packet Digital
Ruggedized energy storage solutions supporting extended endurance mission profiles for persistent ISR and infrastructure monitoring.

Doodle Labs
Secure mesh radio systems for NDAA-compliant UAS communications. Natively integrated in the Black Widow platform and ATAK ecosystem.
