

Heightened Senses, LLC is a Veteran-led integrator and federal fulfillment partner for uncrewed and counter-uncrewed systems. We help Department of War, federal, and public safety buyers select, source, integrate, and sustain NDAA-compliant systems, and we train the operators who run them.

CORE COMPETENCIES

Counter-UAS Integration & Airspace Awareness

Site assessment, layered sensing design (passive RF, radar, EO/IR, Remote ID), system interfaces, installation coordination, operator training, and Tier 1 sustainment.

UAS Procurement & Mission Integration

NDAA-compliant and Blue UAS Cleared platform selection, configuration, sourcing, and operator onboarding, fulfilled through authorized manufacturer channels.

Training, Advisory & Program Support

C-UAS and sUAS operator training, program design, procurement planning, and product-compliance review against NDAA and Blue UAS requirements.

Aerial Data Services

FAA Part 107 aerial inspection, mapping, and digital twin capture.

PAST PERFORMANCE

U.S. Air Force, 20th Contracting Squadron, Shaw AFB, SC

Contract FA480326P0068 | Prime | Awarded September 2026 | Total Small Business Set-Aside

Counter-sUAS radar lease: two Robin Radar IRIS 3D systems with installation, setup, and operator training. Base year plus two option years.

North Carolina National Guard, Camp Butner, NC

July 2026

Coordinated and supported a live counter-UAS demonstration for Guard leadership.

DIFFERENTIATORS

- **Operator-led.** Founded by a retired USMC Gunnery Sergeant with 16 years of infantry and counterintelligence/HUMINT service. We understand the user because we were the user.
- **Vendor-neutral.** We integrate; we do not manufacture. Recommendations follow the mission, not a single product line.
- **Authorized channel.** Authorized U.S. reseller and distributor of Robin Radar IRIS 3D, with executed reseller agreements across NDAA-compliant UAS and C-UAS manufacturers.
- **Government-ready.** PIEE/WAWF active, ECA-credentialed, NIST SP 800-171 assessment on file in SPRS.
