HEIGHTENED SENSES

SDVOSB | Federal UAS Integration & Fulfillment

AERIAL INTELLIGENCE — CAPABILITY STATEMENT

UEI: SSZREV67GJK5 | CAGE: 9XFG8 | SAM Active

EIN: 93-2185308 | SPRS Scored (2026)

Aerial Intelligence • Counter-UAS Sensing • Protected Venue & Special Event Support • NDAA-Compliant Procurement • ISR Integration

Aerial Intelligence for Federal, Defense, and Public Safety Operations

Heightened Senses delivers NDAA-compliant uncrewed aircraft systems, counter-UAS sensing, and rapidly deployable aerial intelligence for federal, defense, tribal, and public safety agencies. Systems are integrated and fielded by operators with real counterintelligence, HUMINT, and mission experience, enabling protective details, advance teams, technical security units, and incident commanders to see, hear, and sense first.

Government Need: ***Rapid Aerial Situational Awareness for Protective Advances, Site Surveys, and Incident Response***

How We Meet It

Deploy the Red Cat Black Widow tactical ISR quadrotor for close-in surveillance of venues, motorcade routes, sensitive sites, and dynamic incident scenes. 45-plus minute endurance, integrated EO/IR, AI-assisted target recognition, quiet acoustic signature, and GPS-denied navigation via Palantir VNav in contested electromagnetic environments.

Why We Can Deliver

Authorized Red Cat Holdings reseller. Black Widow is Blue UAS cleared and a U.S. Army program of record. Executed subsystem partnerships with ARK Electronics, Packet Digital, and Desert Rotor.

Government Need: ***Counter-UAS Detection and Airspace Awareness for Protected Venues, Special Events, and Critical Sites***

How We Meet It

Integrated C-UAS sensing mission packages combining compact radar, secure mesh communications, and EO/IR detection for perimeter airspace awareness at protected sites, political and sporting events, NSSEs, tribal and correctional facilities, and critical infrastructure. Mobile, rapidly deployable configurations for fixed venues, advance operations, and response teams.

Why We Can Deliver

Founded by a USMC Gunnery Sergeant with a CI/HUMINT background. Mission-package approach compresses integration lead time. Operator pipeline sourced via the Vets to Drones workforce program.

Government Need: ***Secure, NDAA-Compliant Procurement Pathway for Federal, Defense, and Public Safety Operations***

How We Meet It

Source and integrate Blue UAS cleared platforms and NDAA-compliant subsystems through a SDVOSB contract vehicle. Satisfy Buy American, Blue UAS, and federal restrictions on foreign-manufactured drones. Enable set-aside task orders and sole-source pathways under FAR 19.14.

Why We Can Deliver

SDVOSB with active SAM registration through April 2027. SPRS scored. Executed partnerships across platforms, avionics, power, and fulfillment.

Executed Partner Relationships

Red Cat Holdings — Authorized reseller. Black Widow tactical ISR, Trichon hybrid VTOL, FANG FPV family. Blue UAS Cleared platforms. Army Program of Record.

ARK Electronics — OEM Fulfillment Partner. NDAA-compliant flight control, avionics, and GNSS. Direct procurement with drop-ship support to federal end users.

Packet Digital — Executed MOU and MNDA. Ruggedized energy storage and power systems for extended-endurance mission profiles.

Desert Rotor — Preferred Fulfillment Partner MOU. Integration, distribution, and ground support across the NDAA-compliant UAS stack.
