

CAPABILITY STATEMENT

UAS & COUNTER-UAS INTEGRATION · PROCUREMENT · TRAINING · ADVISORY

SBA-Certified SDVOSB

U.S. Air Force Prime Contractor

Veteran-Owned Small Business

UEI SSZREV67GJK5	CAGE 9XFG8	SAM.GOV Active Registration	NIST SP 800-171 Self-Assessment in SPRS
---------------------	---------------	--------------------------------	--

Heightened Senses is a UAS and counter-UAS integrator, authorized reseller, and advisory practice serving federal, Department of War, and public safety buyers. We select and integrate NDAA-compliant systems against the requirement, train the operators, and support the program after fielding. We are not a manufacturer, and we document clearance and country of origin for every item we quote.

CORE COMPETENCIES

COUNTER-UAS

C-UAS INTEGRATION & AIRSPACE AWARENESS

Site survey, sensing requirements, layered detection architecture (radar, passive RF, EO/IR, Remote ID), system interfaces, installation, operator training, and sustainment. Handheld mitigation for authorized federal customers. **Purchase or lease.**

UAS

UAS PROCUREMENT & MISSION INTEGRATION

Mission-to-configuration selection, NDAA and Blue UAS documentation by configuration, sourcing through executed OEM channels, integration, and operator onboarding. ISR, FPV, hybrid VTOL, avionics, and ground control. Part 107 aerial data services available.

SERVICES

TRAINING, ADVISORY & PROGRAM SUPPORT

Operator and proficiency training; requirements and program planning (CONOPS, policy, SOPs, sustainment); NDAA and ASDA procurement and compliance review for agencies buying and manufacturers entering the federal market. **Defined scope, written deliverables.**

PRIME CONTRACT PERFORMANCE

U.S. AIR FORCE · 20TH FIGHTER WING · SHAW AFB, SC

COUNTER-SUAS RADAR SYSTEM LEASE

Competed under a total small business set-aside and awarded as prime. Delivering two Robin Radar IRIS 3D counter-sUAS radar systems under lease, with site survey, installation, network integration, spectrum coordination, operator training, and sustainment support. Stage: awarded, delivery in progress.

Contract **FA480326P0068**

Awarded **September 2026**

Period **One-year base plus two priced option years**

Contracting office **20th Contracting Squadron**

DIFFERENTIATORS

- **Prime past performance** on a federal C-UAS lease, including installation and training, not pass-through resale.
- **Disclosed OEM relationships.** We tell you which manufacturers we represent before we advise. If the answer is a system we do not carry, that is the answer you get.
- **Compliance by configuration.** NDAA, ASDA, Blue UAS status, and country of origin documented per item, not asserted across a portfolio.
- **Detection and mitigation kept distinct,** with each requirement mapped to the operating authority the agency actually holds.
- **Founder-led.** Retired USMC Gunnery Sergeant with a counterintelligence and HUMINT background leads every engagement.

AUTHORIZED OEM RELATIONSHIPS

Red Cat Holdings AUTHORIZED RESELLER	Black Widow ISR (Blue UAS Cleared, Army SRR program of record), FANG FPV (Blue UAS Cleared), Trichon hybrid VTOL.
Ondas Sentinel AUTHORIZED RESELLER	Dronebuster handheld mitigation, DTI passive detection, DTIM and vehicle kits, Sawtooth fixed-site C-UAS.
Robin Radar AUTHORIZED RESELLER	IRIS 3D drone detection radar, resell, lease, install, and support within the United States.
ARK Electronics PREFERRED PARTNER	NDAA-compliant flight controllers, GNSS, and avionics. Direct drop-ship to Government supported.
Desert Rotor FULFILLMENT PARTNER	MIRA X ground control station, Blue UAS Framework listed, made in USA.
